

VLADYSLAV HRYTSYN

Front-End Developer | React, React Native, Next.js Specialist

vladyslavhrytsyn@gmail.com • Rykhtychi, Ukraine

Summary

I'm a highly motivated front-end developer and always looking to learn new technologies. I have solid experience in React, React Native and Next.js, and I'm always available to face new challenges and improve my skills. I have a passion for creating amazing, responsive user interfaces, and I enjoy working on challenging problems. Furthermore, I am able to work effectively in a team and communicate clearly with other team members. I am always willing to learn and adapt to new situations, making me a flexible and reliable developer for any project.

I have greater aptitude for the Front-end area, with solid knowledge in the stack: React.js, Next.js, HTML, CSS and Styled components.

Additionally, I have knowledge of 3ds max and three.js and am ready to accept new challenges at any time.

Technical Skills

Front-End Frameworks: React.js, React Native, Next.js

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3, SCSS

Tools & Platforms: Git, Webpack, Vercel, Firebase

3D Development: Three.js, Autodesk 3ds Max

UI/UX: Material-UI, Tailwind CSS, Figma

Backend Integration: RESTful APIs, GraphQL

Testing: Jest, React Testing Library

Education

Odessa Polytechnic National University (OPNU), Ukraine

Bachelor's Degree in Computer Science

09/2017 - 04/2021

Experience

OS-SYSTEM

Odessa, Ukraine

Web Developer

10/2021 - 10/2024

- Used React to build, maintain, and optimize the user interface of a web application.
- Experienced Next.js to improve performance, SEO, and deliver a scalable web application.
- Developed and maintained reusable UI components to ensure consistent design and functionality across projects.
- Created cross-platform mobile applications for iOS and Android, optimizing performance and ensuring compatibility with a diverse ecosystem of devices.
- Bridged the web and mobile platforms by creating applications that share components across web and mobile.
- Working closely with designers, we converted wireframes and mockups into high-quality, responsive user interfaces.

Projects

TOB "ABTOЦЕНTP-C" website

Sumy, Ukraine

<https://skoda.sumy.ua>

01/2022 - 03/2023

TOB "ABTOЦЕНTP-C" is a Ukrainian company that sells cars, spare parts, and also provides car maintenance services. The company offers a wide range of cars, including new and used, as well as repair and maintenance services.

- Stack: React, Next.js, Tailwind CSS
- Designed and implemented a company's website or online platform using React or Next.js and ensured that the platform was optimized for SEO and performance.
- Collaborated with UI/UX designers to create intuitive interfaces for searching car inventory, booking service, or viewing promotions.

TOB "Агроцентр "Фаворит" website

Kyiv, Ukraine

<https://agrocenter.com.ua>

05/2023 - 01/2024

Agrocenter.com.ua is the online platform for TOB "Агроцентр "Фаворит", a Ukrainian company specializing in agricultural products and services.

- Stack: React, Next.js
- Built and maintained a responsive, intuitive and user-friendly web interface for the Agrocenter platform.
- Created SEO-friendly server-side rendering (SSR) or static site generation (SSG) web applications using Next.js.
- Integrated APIs using tools like Redux and React Query, managed data flow, and worked closely with backend developers to handle state management.

Website of The Handmade Soap Company

Meath, Ireland.

<https://thehandmadesoapcompany.com>

02/2024 - 09/2024

The Handmade Soap Company specializes in making and selling natural and handmade personal care products, particularly soap, which generally focuses on using high-quality, environmentally friendly ingredients, often emphasizing sustainability and ethical sourcing.

- Stack: React, Next.js, Figma
- Used React to build reusable UI components such as navigation bars, buttons, forms, and other interactive elements.
- To create a smooth shopping experience, we have implemented features such as product filtering, sorting, and search functions to help customers easily find what they need.
- Worked closely with the design team to ensure that the implemented design was consistent with the brand's visual identity.
